

NEW FOR 2009

**40 years
being #1**

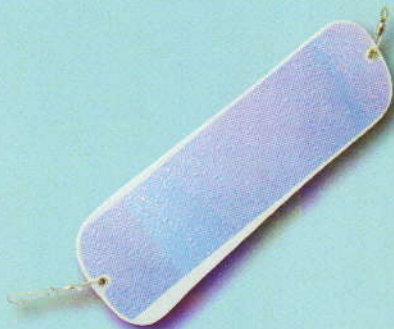

MADE IN CANADA

**JELLY CRUSH U.V.
FLASHERS**

Crushed U.V. front and a lightning glow stripe on the back of a U.V. blade offers maximum visibility for daylight and first/last light conditions. A proven Big Fish attractor.

8" - #850 Mini
11" - #950 Original

**WHITE JELLY CRUSH
U.V. FLASHERS**

We've put crushed U.V. film on the front and crushed glow film on the back of a white blade for a winning Hi Vis combination in any light condition and water color.

8" - #852 Mini
11" - #952 Original

**RED STRIPE on
ORIGINAL SILVER
MYLAR**

This proven combination applied to a green blade has been taking Salmon for a lot of years in the Pacific Northwest and Alaska. Now available in all markets.

11" Original - #591

**GLOW MOUNTAIN
DEW FLASHERS**

An oily iridescent film on the front and crushed glow back on a white blade is a sure fire catcher for the big ones. Five color combinations for all light conditions and depths in the 8" mini size.

#861- 50/50 Yellow/Green
#1582 - Blue Bubble
#1584 - Strawberry
#1585 - Green
#1586 - Yellow

**CLEAR JELLY
U.V. APEX #556**

Transparent and reflective U.V. film on a U.V. Apex combine for extra visibility on this Hyper Active proven lure. Available in all seven sizes and rigging configurations.

**GLOW JELLY
U.V. APEX #557**

We've put reflective U.V. film on a glow Apex to attract the big ones at any depth or in any light conditions. Available in all seven sizes and rigging configurations.
